Ball on the U. S. S. Nipic.

Capt. McCurley and officers of the U. S. S. Nipic gave a farewell ball on board the vessel yesterday evening, which was a most delightful affair throughout. The decorations were superb and won the admiration of all present. The invited guests were conveyed from the landing in the ship's boats, and were warmly welcomed by Capt. McCurley and his officers and most agreeably entertained during their stay. His Majesty the King, members of the Cabinet, diplomatic and consular corps, and a large number of prominent citizens were among those present. The Hawaiian band played for dancing, which was carried on with great spirit until a late hour. There was a bountiful supply of most delicious refreshments. The early departure of the Nipic is regretted, as her officers have become familiar figures in the community, and will be much missed.

The Third Warning Voice.

A pamphlet entitled "The Third Warning Voice," addressed to Hon. C. J. McCarthy, and purporting to be the work of Robert Hoapili Baker, was distributed among the members of the House yesterday. It is more than suspected that Robert is being used as a blind, as the ear marks of a much more expensive and higher titled official are blazed upon every page.

The gist of the argument is that the Legislature should provide for an army of 521 men and ten staff officers, at a cost of \$345,541. The salaries of the staff officers are to amount to \$45,680.

The "English" of the pamphlet is such that if the author will only contribute regularly to a funny paper his fortune will be made. We understand that a syndicate is being formed to "corral" the author and farm him out to "Texas Siftings" and "Punch."

The regular monthly meeting of the Board of Representatives of the Honolulu Fire Department will be held this evening at 7:30 o'clock.

The Hawaiian Wine Company has just received a new stock of goods, fully specified in another column. Those in search of first class wet goods should read the notice.

At the monthly meeting of Engine Co. No. 2, held last evening, one new member was elected, and a refreshment club was started. Other business was of a routine character.

In the Police Court yesterday two native women were each fined \$10 for disturbing the quiet of the night. A noble pros. was entered against four Chinese charged with gaming.

Last evening Mr. D. Nichols and Miss Lillie Nott were united in marriage by the Rev. H. H. Parker, at the residence of the bride's parents, King street. Only the immediate relatives and friends were present.

At three o'clock this morning a policeman reported at the Station house that a native woman was lying dead in the lane back of Kawaiahao church. A stretcher was taken to the spot, when it was discovered that the woman was dead drunk. She was taken to the Station house.

AN OPEN LETTER TO HON. E. C. MACFARLANE.

DEAR SIR: For a few minutes yesterday I had the pleasure of listening to your remarkable and interesting argument before the Legislature in favor of referring the Oahu Railway bill to a select committee in order that further information might be obtained. I say remarkable for it seemed very remarkable to me that you should hint that any of your fellow members were so weak and wicked as to allow themselves to yield to evil influences from without against public interest. You also spoke of disgraceful "lobbying" in support of the bill, and of the "very strange" change in the opinions and vote of several members. You also referred to the Oahu Railway and Land Company in such a manner as to cause your hearers to conclude that the said company is under the control of those who are deliberately misleading the public and indulging in bribery to put it roughly. Of course your legislative privilege protects you in all of these charges and innuendoes, in spite of the fact that you may do the company thereby a very great injury for which no redress lies. My first thought and wish is to say nothing, and let your baseless, unfair and injudicious charges go unanswered, but friends and others advise a challenge to you to produce all or any of your facts. It seems to me upon the whole that this is the wisest course. You are, no doubt both fair and honest. You know that the O. R. & L. Co. has no chance on the floor of the House to refute anything you may choose to say. But in the public press it is different. Here both have a chance. Now if you have any charge of bribery or undue influence to bring against the company, do so where you can be answered, and you will be given a full, free and public opportunity to substantiate all you say. I will say to you at once that you will miserably fail, for you have not a shadow or an iota of truth to stand on. Everything which has been done by the O. R. & L. Co., or by or with its consent or knowledge in its behalf by those interested in it, for the furtherance of the bill, has been open and above board. It has not cost the company one cent, either in cash or promises. All information requested has been furnished. We have furnished more than that, and have in fact

furnished everything which appeared necessary for the information of the House relative to the bill. It was suggested to me yesterday, while listening to you, that we ought to have printed everything and distributed it in the House. I am inclined to think now, this would have been the wiser course; but it seemed at first that it would appear obtrusive and as if the measure were for private and not public utility. If the bill was a private grab it ought to have been defeated as I believe you desired, but if one of public benefit it ought to have passed on its own merits, as it certainly did. If it pleases His Majesty to sign the bill, you will find that the O. R. & L. Co. will proceed to build, as rapidly as possible, and in the interest of the stockholders, as well as the general public, a substantial and well equipped road. Bonds will not be issued, as is sometimes the case, for three or four times the cost of construction, as in case of a road very near at hand of which we know.

Yours very truly,
W. R. CASTLE.
